

KSRM College of Engineering

Student Handbook

1. About the College

KSRM College of Engineering is a reputed institution in Andhra Pradesh that is committed to providing quality technical education. The college offers undergraduate and postgraduate programs such as B.Tech and M.Tech across various engineering disciplines. It focuses on academic excellence, discipline, and the overall development of students.

2. Academic Regulations

Students are required to strictly follow the academic calendar prescribed by the institution. Regular attendance in classes, laboratories, and tutorials is essential. All students must complete assignments, internal assessments, and project work within deadlines and maintain consistent performance.

3. Attendance Policy

A minimum of 75 percent attendance is mandatory for all students to be eligible for examinations. Students who fail to meet this requirement may not be permitted to write exams. In case of medical emergencies, valid proof must be submitted.

4. Examination Rules

The college conducts internal and semester examinations. Students must carry their hall tickets and follow all instructions. Any malpractice is strictly prohibited and will result in disciplinary action.

5. Code of Conduct

Students are expected to maintain discipline and respect faculty, staff, and peers. Ragging, misconduct, and damage to property are strictly prohibited.

6. Campus Facilities

The college provides facilities such as a well-equipped library, laboratories, sports infrastructure, hostels, and a canteen to support student development.

7. Student Activities

Students are encouraged to participate in technical clubs, cultural events, and sports activities to enhance their overall personality and skills.

8. Digital and Lab Rules

Students must use laboratory systems responsibly and avoid unauthorized software or activities. All lab rules and timings must be followed strictly.

9. ID Card Policy

Students must carry and wear their ID cards at all times inside the campus. It is mandatory for entry, examinations, and access to facilities.

10. General Rules

Students should be punctual, maintain cleanliness, follow dress code if applicable, and behave respectfully.

11. Discipline Actions

Violation of rules may result in warning, fine, suspension, or dismissal depending on the severity of the offense.

12. CSE Branch Guidelines

CSE students should focus on programming, data structures, algorithms, and building real-world projects. Maintaining a GitHub portfolio is highly recommended.

13. ECE Branch Guidelines

ECE students should develop strong fundamentals in circuits and communication systems while gaining practical exposure in embedded systems and IoT.

14. Placement Guidelines

Students should prepare for aptitude tests, coding rounds, and interviews. Maintaining a strong resume and project portfolio will improve placement opportunities.

15. Internship Guidelines

Students are encouraged to apply for internships through college or online platforms to gain practical experience and industry exposure.

Final Advice

Students should focus on both academic excellence and skill development. Discipline, consistency, and active participation will ensure success in their careers.
